

## Schneider Electric og Vamp har satt sluttdato for Vamp-vern

Med Schneider Electric's oppkjøp av Vamp og med moderniseringskampanje, så vil Vamp-vern slik vi kjenner dem i dag fases ut og erstattes med en ny serie kalt Easergy P3.

Siste dato for bestilling av vern fra Vamp er 31. mai 2020-

Etter denne datoen, så vil det ikke være mulig å skaffe Vamp-vern, men de skal opprettholde service og reparasjon (men ikke produksjon av nye enheter) i minst 10 år etter sluttdato.

- > Meet the new Easergy P3
- > Designed for greater efficiency, connectivity, and safety
- > Take the Easergy P3 further

Den nye serien fra Schneider Electric og Vamp vil være fullverdig erstatning for de gamle vernene, men være mer framtidsrettet.

Ta kontakt for informasjon om pris!

Liste over vern og hvilket vern som passer best fra den nye serien:

PRODUCT RANGE	PRODUCT / OPTION	LAST ORDER DATE	REPLACEMENT
